---	---

ATTENTION C

FOLD HERE-----

TO THE USER OF THE "AT RISK MANAGEMENT SYSTEM"

It is recommended that you complete ONE of the attention sections.

Section A or B will direct potential Caregivers as to you wishes and will act as consent to treat or withhold treatment. Section C is to be filled out with your instructions if either A or B do not fit your needs.

Cross out the A, B or C section that does not suit. Place the disclaimer that does suit in the long middle central section of the kit. The "contact" person would be a parent, a friend or Doctor. Alternate phone numbers are also recommended.
